

Refer and get rewards!

Take control of biosecurity

Many farms are taking action to tighten biosecurity by upgrading their vehicle disinfection systems. Vehicles travelling from farm to farm can easily carry in harmful micro-organisms. A thorough and consistent disinfection protocol at the farm gate is vital!

Here's how...

1 Spread the word!

Tell Interhatch who you would like to refer.

2 Get rewarded!

Once an order is placed the referrer will receive a **£150 Amazon gift card**.

3 Double your rewards!

If the referrer and the referee both place an order, then the referrer gets double the reward.

For full details visit: [Collect rewards for Sanigene referrals!](#)

Spread the word, and if your contacts need any more persuading, they can see it in action here: [On-farm biosecurity](#)

*T&Cs apply, see reverse

Terms & Conditions

1) Referrer must give the name and contact details of the referee to Interhatch. Interhatch will then contact the referee about the potential order.

2) The reward will be gifted to the referrer once Interhatch has received a deposit for the disinfection gate being purchased from the referee.

3) The reward is for referrals of the Sanigene disinfection gate only.

4) The referral cannot be made within the same company i.e. one farm cannot make a recommendation to another farm within the same business or group.

Unlimited rewards

You can refer as many people as you like to Interhatch for the Sanigene disinfection gate. For every order placed by someone you referred, you will receive a £150 Amazon gift card.
